DEPARTMENT OF STATE

SECRET

Vol. 10

The Secretary of State
Washington, D.C.

Sir:

I have the honor to report that on September 1, 1945 two members of the Department's Special Interrogation Mission, Miss Helga Holloman and Lieutenant Peter Harnden, left with a German car for the British Joint Interrogation Center officials of the German Legation in Stockholm who had been repatriated in August 1945 and who were being held at the Eighth Corps (British) First Civilian Internment Camp at Neu Munster. On the back of this trip facilities in Neu Munster, the interrogations were put in the Atlantic Hotel in Hamburg and drove approximately 30 kilometers each way daily to the camp. Fifteen days were required for the entire trip from Stockholm to Neu Munster and back, but only eight days were spent in actual interrogation, the rest being consumed by travel and by the breakdown of the car. It may be pointed out in this connection that difficulty of transportation is a delaying factor in almost all work undertaken here.

Miss Holloman and Lieutenant Harnden were joined for four days by Mr. E. Randolph Wynn who came from the Embassy in Stockholm to participate in the interrogations in accordance with instructions previously issued by the Department. Mr. Wynn himself interrogated for four minutes and 30 seconds, and the former Consul at Berlin, Mark August Wynn, took part also in several other interrogations.

The following persons, fifteen in all, were interrogated:

Wynn, Mark August

German Minister to Sweden
(See this Mission's interrogation of Thomson of October 10, 1945).

Wynn, E. Randolph

Director of Legation
(See this Mission's interrogation of Gienanth of October 1, 1945).
